

Research Day – November 16, 2007 – 2:30pm to 5:30pm

Technological Institute – L324

2:30 PM Refreshments

Welcome Address -

2:45 PM Ishwar Radhakrishnan - Professor, BMBCB and Co-Director, CBB

Research Presentations -

3:00 PM “Statistical Modeling of Graph Theoretic Data in Systems Biology”
Denise Scholtens - Assistant Professor (Preventive Medicine)

3:30 PM “Studying the Cellular Basis of Night Vision”
Joshua Singer - Assistant Professor (Ophthalmology & Physiology)

4:00 PM “Bioinformatic approaches to understanding regulation of CFTR
gene expression”
Ann Harris - Professor (Pediatrics)

4:30 PM Question & Answer Session – Navigating a Successful Career in
Academia

Reception -

4:45 PM – 5:30 PM
